Rep. Kerry Benninghoff Endorses Jim Christiana for U.S. Senate

BELLEFONTE, Pa. (Feb. 12, 2018) -- State Rep. Kerry Benninghoff today announced his endorsement of fellow state Rep. Jim Christiana for the United States Senate. Christiana, a Republican from southwestern Pennsylvania, is challenging incumbent U.S. Sen. Bob Casey.

“Jim represents the next generation of leadership of the Republican Party,” said Benninghoff. “He has a proven conservative record of accomplishment in the General Assembly, creating jobs, fighting for school choice and promoting government transparency.

“Look at his record. Jim passed legislation that allowed the Shell petrochemical plant to be built in his Beaver County district. The result is a \$4 billion investment and 6,000 construction jobs at the first plant of its kind in the northeastern United States. It will help to reindustrialize all of southwestern Pennsylvania.

“Jim Christiana is our best chance to defeat Bob Casey,” Benninghoff said. “His positive Republican vision of opportunity and economic growth for all Pennsylvanians is a winning message.”

Christiana said, “I’m honored to have Rep. Benninghoff’s endorsement. As your United States Senator, I’ll work with Kerry to create jobs and opportunity for the citizens of Centre and Mifflin counties, and throughout our commonwealth.”
